Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in rosebud comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Beauty Doctors Endorse Herpicide.

Women who make a business of beautifying other women come pretty near knowing what will bring about the best results. Here are letters from two, concerning Herpicide:

"I can recommend Newbro's "Herpicide," as it stopped my hair from falling out; and, as a dressing it has no superior.

"(Signed.) Bertha A. Trullinger, "Complexion Specialist, "29½ Morrison St., Portland, Ore."

"After using one bottle of "Herpicide" my hair has stopped falling out, and my scalp is entirely free from dandruff.

"(Signed.) Grace Dodge, "Beauty Doctor, "195 Sixth St., Portland, Ore."

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Quick as a Wink

That exactly expresses it. Just as quickly as you can stir the contents of one package of

Jell-O

THE DAINTY DESSERT

into a pint of boiling water, you will have prepared a dessert which will surprise and delight all who taste it. When it has become cold it will jellify and be ready to eat. For a more elaborate dessert try the following:

Banana Cream.

Peel five large bananas, rub smooth with five teaspoonfuls of sugar. Add one cup sweet cream beaten to a stiff froth, then one package of Lemon Jell-O dissolved in one and one-half cups of boiling water. Pour in mold or bowl and when cold garnish with candied cherries. Serve with whipped cream.

THE STRIKE IN NEW YORK.

The heads of the steamships companies included in the International Mercantile Marine Company assumed the aggressive in New York yesterday, when, following a conference, they served notice upon the striking longshoremen that unless the later returned to work within a week their places would be permanently filled by other men.

At the meeting the steamship officials reaffirmed their determination not to yield to the demand for higher wages. Upon adjournment the following was made public:

"The compensation that has hitherto been paid to the longshoremen is a fair wage for the work done, and all of the lines are agreed that it is impossible to advance it. Men have been for several years past, and are now, paid 30 cents an hour during the day and 45 cents an hour for overtime. On the piers of the great majority of lines the average laborer can earn $18 without overtime, and on many piers, with overtime, from $25 to $35 a week. It is absolutely untrue that a demand was formulated on all piers before the strike was declared. On most of the piers the men stopped work without any previous intimation. It is the consensus of opinion that the lines have been most unreasonably treated by the laboring men, as never before, to their knowledge, has any general strike been declared where laborers had not previously divulged their dissatisfaction and asked for consideration of their claims."

Patrick Connor, president of the Longshoremen's Union Protective Association says there are 30,000 men idle. He said yesterday that he would bring out the men of the market truck drivers' local union, most of whom are said to be willing to go on sympathetic strike. He will also try to get the coal trimmers to strike so that vessels at New York may be in serious need of coal.

The strikers talked yesterday of making an appeal to the firemen and engineers of the tugs which carry strike breakers to and from the piers to come to their assistance, but they are bound by their licenses from the government.

Good Words for Chamberlain's Cough Remedy.

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mrs. Edward Phillips, of Barclay, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever." This remedy is for sale by W. F. Creighton and Gibson & Timberman.

Performance of Submarine Boat.

All American records for quick diving by a submarine boat were broken at Newport, R. I., yesterday when the submarine Octopus went through a series of extraordinary tests in Coddington Cove in a nasty sea, with a thick fog that cleared at times and a southwest wind that blew at a rate of 40 miles an hour.

The principal test was for the purpose of determining whether the Octopus while afloat would be able to get submerged quickly if an enemy should be sighted. Running at full speed on the surface, propelled by gasoline engines, the Octopus received a signal from members of the trial board on board the tender Nina. Immediately the engines were stopped and power was furnished by storage batteries. Diving rudders were adjusted, the submarine took 37 tons of water in her tanks and sank to a depth of 20 feet. This was accomplished in four and a half minutes after receiving the signal. A second test reduced the time by about half a minute.

The next test, which was purely technical, was to obtain information as to the ability of the boat to make a complete turn within a given area.

A test was also made to determine the ability of the Octopus to come to a full stop while running at full speed ahead under water.

When coming to the surface from one of her dives the Octopus sighted in the lifting fog a tug and a tow of barges. The submarine immediately dived and escaped the danger of a collision by going down so deep in the water that the tow could pass above in safety. At another time when the Octopus was running awash at a speed of 10 miles an hour she dived and was completely submerged within 23 seconds.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, MAY 11, 1907.

THE political discussion between Mr. William J. Bryan and Senator Albert J. Beveridge is continued in the May number of the Reader Magazine, the subject being "Trusts and Their Treatment." Mr. Bryan describes the various forms of trusts and the causes responsible for their existence. He devotes his attention to the one which he denominates the single corporation trust; that is, when a corporation with a single board of directors simply buys up enough factories or transportation lines to afford it control of a given business. He cites the United States Steel Corporation as the best example of this kind of trust, and thinks the essential danger lies in the fact of its being a monopoly, a feature which, whether private or corporate, he considers an evil. The protective tariff and the railroad rebate, he says, have been the mainstays of industrial monopoly. These he would reach by suitable laws. Furthermore, he would require these monopolistic organizations doing an interstate business to procure a license from the federal government, in which license such conditions could be inserted as would enable Congress to deny it the right to employ the railroads, the mails, or the telegraph lines to aid its conspiracy against the people. Senator Beveridge refers to the good accomplished by the trusts by reducing the cost of commodities through economies effected in manufacture, and also to the reduction of freight rates brought about by the consolidation of railroad lines, which has effected a great saving of time and labor. He admits that there are many evils connected with the great corporations which should be stopped, and he adds, "We are stopping them." One of the remedies he proposes is complete publicity regarding the financial condition of the companies and the basis on which their stock issue rests. He sums up the evils of the trusts as follows: (1) Rebates—we have ended them. (2) Contributions—we have ended them. (3) Bad meats and impure foods—we have ended them. (4) Secrecy—we have ended it. (5) Overcapitalization—we will end that and are working on it now. (6) Unjust prices—the ending of overcapitalization will help cure this, and, with publicity, perhaps entirely cure it. (7) Purchased "newspapers" and the corruption of public opinion—only the people can end this by learning to "know such papers when they see them."

THE BIRTH of the heir to the Spanish throne yesterday spread a wave of ecstacy over all Spain. But a year has elapsed since the same nation was bedecked in bunting at the marriage of King Alfonso and Princess Ena. On that occasion the exultation of the people was suddenly changed to exasperation at the cowardly and wanton act of an anarchist who concealed a bomb in a bouquet and threw it at the royal couple. The latter escaped injury, but other persons were killed and wounded by the dastardly act. The little stranger has made his appearance in a palace surrounded by all the luxuries of this world and heir apparent to a throne. Such conditions may or may not be fortunate. Should he live, he is destined to pay the penalty of greatness, as are all potentates, even if he does not become the target of bomb-throwers. Dispatches from Madrid state that the young queen is nursing her offspring, and thereby breaking all precedents. This is a common-sense procedure, apart from the instincts of nature, and will tend to endear the young matron more than ever to the people over whom all hope her offspring will rule in his time.

THE KING OF SPAIN has named his first son after himself—Alfonso. The next one the American people will probably name for him—Gaston.

From Washington.

Washington, May 11.

As reward for upholding the President's policies in opposition to those of Senator Foraker, Representative Burton will be the Taft candidate for the senatorship from Ohio. It is understood that Burton's candidacy will be formally announced next week at the meeting of the republican State leaders at Columbus. The announcement will serve to emphasize the declarations of the Taft people that they have not entered into any deal with Foraker, whereby they would grease the ways for his sliding back into the Senate, in return for the abandonment of his presidential aspirations. Burton's candidacy will be heartily supported by the national administration. He is considered by President Roosevelt to be the most avilable man to enter the contest with the present senior Senator from Ohio. In fact, Foraker's friends here believe that the inspiration for Burton's candidacy comes from the White House, rather than from Taft himself. Personally, Taft would prefer to keep hands off the senatorial situation, but as the exponent of the President's policies and the President's choice for the nomination he would be expected to carry out the President's wishes with reference to the senatorship.

Official corroboration of the fact that diplomatic relations between Mexico and Guatemala have been severed has reached the State Department in a notification to the effect that Mexico has decided, as a result of its dispute with Guatemala over the surrender of two men wanted in Mexico for alleged complicity in the recent murder there of ex-President Barillas, of Guatemala, to remove its minister, Senor Gamboa, from Guatemala City, and send him to Salvador. In the meantime Mexican affairs in Guatemala will be looked after by its consul there. It is officially declared however, that the trouble between the countries will be settled through "diplomatic channels" and that there will be no hostilities.

In endeavoring to ascertain what other countries are doing along the line of encouraging air ships the Bureau of Manufacturers has found that in Germany a school for training aeronauts has been opened and that in France there has been established an aeronautic corps of the army. At the German school, the cirriculum deals exclusively with balloon construction and navigation. The school was opened at Chemitz on May 1. In France men are instructed in the handling and care of balloons in a two year's service.

The President today announced the appointment of Lawrence Y. Sherman, of Illinois, to succeed G. J. Deikema, of Michigan, resigned, as a member of the Spanish Treaty Claims Commission. Deikema recently resigned on account of his election to Congress.

From a trustworthy source it is learned that various foreign representatives have laid before the State Department protests from countrymen in Manila against reorganization of the city council as an elective body. This would put the Filipinos in control of the local government of the city.

General Kuroki and many of the naval officers of foreign countries visiting this city went to Mount Vernon this morning on the Mayflower, the guest of the Secretary of the Navy; there was also a cavalry and artillery drill in the honor at Fort Myer. Tonight the President will give a dinner to the Japanese military officers and later a reception will be held at the Japanese Embassy.

Henry W. Taft, of New York, brother of Secretary Taft came to Washington and called at the White House today to talk over with the President appointments about to be made for New York. He said that he came in the interests of no particular candidate, but merely with a view of having good men appointed for the benefit of the bar. After leaving the White House, Henry W. Taft upon his brother at the War Department. Shortly before the Cabinet meeting, the brothers returned to the White House for a short conference with the President.

Word has reached the State Department that the Guatemalan government has released from custody the two Americans who were arrest d last week on suspicion of being implicated in the attempt to assassinate President Cabrera by throwing dynamite bomb under his carriage.

John L. Sullivan has become "chummy" with the President. He paid the chief executive another visit this morning.

Gates Are Presented.

The exercises attendant upon the presentation of memorial gates by the Association for the Preservation of Virginia Antiquities took place at Jamestown island yesterday.

A large party, including the president of the Colonial Dames of America and all the prominent officers of the society, the president of the Society of Colonial Wars and officers and representatives from other patriotic societies from New York, Philadelphia and Baltimore, came to Jamestown on a special steamer and were received by Mrs. William Ruffin Cox, Miss Garrett, Mrs. Hall, Mrs. Lightfoot and others, representing the Association for the Preservation of Virginia Antiquities.

The exercises took place in front of the beautiful iron gates, which have just been completed. The lock and key, as symbolic of the gates, were presented by Miss Balch, of Philadelphia, to Mrs. James W. Gerard, the president of the society, which erected the gates. She, in turn, in graceful and patriotic words presented the lock and key to Hon. James Alston Cabell, as representative of the Association for the Preservation of Virginia Antiquities.

After the ceremonies those present went on an inspection tour of the island.

The formal dedication of the church and its presentation to the Association for the Preservation of Virginia Antiquities by the National Society of the Colonial Dames of America, which has restored the church, will take place today. The church was the first built on American soil by Englishmen and is of great historical interest.

Workmen Attacked by Strikers.

New York, May 11.—Seven hundred striking longshoremen invaded the piers of the Italian line at Thirty-fourth street and North river this morning, many of them armed with clubs and bale-hooks, and forcibly drove from the deck of the steamer Campania the 150 Italian strike breakers engaged in loading the vessel. There was a lively melee before the Italians were driven from their stronghold in which numerous heads were cracked and many blows exchanged. Police reserves hurried to the spot.

Only two policemen were on guard at the pier when the crowd of strikers began to assemble. Word spread that the vessel was being loaded and an attack was agreed upon.

Many of the strike breakers saw their enemies coming and there was a wild scramble to get off the steamer. A number leaped over the rails and sought safety by hiding in the pier house.

The strikers swarmed up the plank and surrounded the strike breakers. Every one of the non-union men was driven from the ship and with blows and kicks the strikers gave strong argument against a resumption of work. A hurry call had had been sent to the west Thirty-seventh street police station and reserves came on the run swinging their sticks and revolvers. The strikers did not await the attack. They rushed from the pier and the police did not pursue them. A strong guard was established at the gate and the strike breakers who had not fled from the pier house were put back to work.

One strike breaker, Joseph Quizp, was so badly injured by a blow that it was necessary to summon medical assistance. Others of the non-union men were nursing sore heads and aching muscles.

Fight a Draw.

Los Angeles, May 11.—After battling twenty fierce rounds the fight between Jack "Twin" Sullivan, of Boston, and Hugo Kelly, of Chicago, for the middle weight championship of the world, was declared a draw. Tommy Burns, who received the decision over Philadelphia Jack O'Brien Wednesday night, refereed the contest.

News of the Day.

The Mexican ambassador, Mr. Creel, in Washington last night authorized the statement that the trouble between Mexico and Guatamala, which for several days has threatened to terminate the diplomatic relations between the two countries, has been definitely and satisfactorily adjusted. Mr. Creel last night received advices from his home government to this effect. As to the basis of the agreement the ambassador declined to talk. "You may state, however," he said, "that the trouble is now over and that a satisfactory agreement has been reached."

Former Governor B. B. Odell, jr., introduced a bill in the republic State committee at New York today endorsing Governor Hughes as the republican candidate for President.

Card from Rev. Father Carne.

To the Editor of the Alexandria Gazette.

In the Gazette just received I find the followiug remarkable statement which I wish to have corrected as soon as possible:

A letter was received in this city a day or two ago from Rev. R. L. Carne, now stationed at Hampton, in which he says that his pastorate at that place will expire on the 19th of June, at which time he will be transferred to St. Mary's Church in the city.

That I wrote a letter to Alexandria is certainly true, as I keep up a weekly correspondence with my eldest sister. That is the only truth in the six lines, for I am not stationed at Hampton for the very good reason that there is no Catholic Church there and never was, and could, therefore, have had no pastorate to resign. I am at present, as I have been for nearly seven years, chaplain at Old Point Comfort College, near Buckroe Beach. My connection with that college expires, at my request, on the 19th of June, but though it is true that I am transferred to Alexandria, it is not so that I am to be stationed at St. Mary's Church, which I would gladly be if I were not too old a man; for I was born while it was being built, and made my first communion, served mass for many years, and was confirmed and ordained in it. Quite another place has been appointed for me, but until I take it I will give no information concerning it except to my nearest relations.

Your old and sincere friend,
RICHARD L. CARNE.

Riotous Strike in Germany.

Of the workmen engaged in a fertilizer factory at Ludwigshafen, Germany, between 3,000 and 4,000 went on strike Thursday. At nightfall they attacked the factory buildings and almost demolished them by a continuous bombardment of paving stones and with rams. Revolver shots were fired at intervals. Four policemen were seriously and others less badly wounded. The proprietor saved his life by flight.

The Master Builder's Association of Berlin and its suburbs yesterday decided unanimously to lock out all masons and bricklayers assisting building workmen on May 18. Over 100,000 men are affected by this decision. This proposed strike, which threatens to be one of the greatest that ever has taken place in Germany, arises from the demand of the men for an eight instead of a nine-hour day.

Winter Lingers.

For twenty-four days a snowstorm has raged in the southern Wyoming mountains, and snow is seven feet deep on the level. Since April 15 the sun has not shone, and the storm has not ceased a moment. The temperature has been between zero and 10 degrees below during that time. It is the most remarkable storm that ever visited the Wyoming mountains.

The temperature fell 52 degrees at Norfolk, Nebraska, within a few hours, dropping from 84 Thursday afternoon to freezing point early yesterday in northern Nebraska and South Dakota.

A big snowstorm is in progress at Madison, Wis.

The Mount Vernon Regents will hold their annual meeting at Mount Vernon, commencing on Wednesday next.

A RAILROAD COLLISION.

A railroad collision blocks traffic and ties up the road, interfering with the proper operation of the system on which it happens just in proportion to the gravity of the accident. Something very similar has happened inside the human body when constipation manifests itself. The proper operation of the human system is interfered with and comfort and health suffer in proportion to the gravity of the case. Chronic constipation is a serious condition with which medical men frequently have to deal, and they recognize the fact that its permanent cure demands the restoration of elasticity and strength to the muscles that control the bowels. To accomplish this physicians of the better class are now using with much success a preparation of ½ oz. Fluid Extract of Senna, ½ oz. Rochelle Salts, 1 oz. Aro-Sagrada, 30 grains Bicarbonate of Soda, ½ oz. water and 1½ ozs. Glycerince. A dose of a teaspoonful of this is administered at bedtime and before each meal, the treatment being continued until there is free movement of the bowels. The prescription can be compounded by any good pharmacist.

South Needs More Railroads.

W. W. Finley, president of the Southern Railway, was one of the principal speakers at the annual banquet of the South Carolina division of the Travelers' Protective Association at Anderson, S. C., last night.

He declared that the commercial traveler and the railway are natural allies, as both are pioneers of trade and builders up of business, and both are vitally interested in everything contributing to the wealth and the development of the natural resources of the section in which they operate.

Referring to conditions in the southern States, Mr. Finley said that the commercial travelers and the railways were working together in a field urgently in need of additional transportation facilities.

He gave figures showing that the territory south of the Ohio and Potomac and east of the Mississippi is not as well supplied in length of track or in other railway facilities in proportion to area and population as are other sections of the country.

Speaking of the great increase in the cost of producing transportation, the only commodity a railway has for sale, and to the fact that manufacturers generally under such conditions advance prices, he said that if the production and sale of transportation could be carried on subject to the operation of the law of supply and demand as completely as can the manufacture of cotton goods or of clothing, present conditions are such as would justify a very material advance in the selling price of transportation.

"But," said he, "the price has not advanced. On the contrary, notwithstanding the great increase in the cost of railway operation and the urgent necessity for the expansion and improvement of railway facilities, the tendency has been downward, and it is proposed in some of the States to put in force legislation arbitrarily reducing still further the price at which transportation can be sold, and imposing penalties for failure to perform services beyond the ability of the roads."

Accused of a Serious Offense.

Armed with a warrant for the arrest of Hillary Callett, a young Frederick county man, for a serious offense involving a young woman of the county, Constable M. S. Elliott appeared at Callett's home yesterday and demanded that the young man be turned over to him. Jacob Callett, father of the accused, met the constable at the door of his home and refused to allow the officer to enter until the warrant had been examined. During this process young Callett slipped out of the rear door and hid in a cave at the back of the house. Later Mr. Callett gave the constable permission to search the house, but the young man could not be found. Young Callett, it is said, has left for parts unknown. The warrant is still in Constable Elliott's hands. The charge against the young man was made by Henry Dick, whose daughter is the young woman alleged to have been wronged by Callett. The principals in the affair are residents of Gainesboro district, Frederick county.

Runaway on Chain Bridge.

Two horses attached to a wagon in charge of Harry Leigh, of Kenmore, Fairfax county, became frightened and bolted on Chain Bridge, a short distance above Georgetown, yesterday evening. Leigh clung to the reins and attempted to bring the horses to a standstill, but they were thoroughly unmanageable and plunged madly across the bridge. The wagon was swaying violently, and Leigh, unable to keep his place, was thrown against the rail and narrowly escaped going into the water. Bruised, but otherwise unhurt, he managed, with some effort, to climb back to safety. The team, unguided, dashed ahead at a dangerous speed, and being near the light iron rail which forms the protection on the bridge, would in another moment have jumped into the Potomac had it not been for a policeman who seized the bridle and stopped the horses.

Dancing on Roof of Hotel.

New York, May 11.—High up on the coping of the Herald Square Hotel dancing close to the edge, a thinly-clad woman aroused every one in the neighborhood early today by singing a Spanish song in a shrill wild voice. Then she lapsed into English and cried: "I am a Spaniard and an heir is born to Spain—Viva la Espana!" Firemen were summoned and spread a net in the street below, but the Senorita only laughed and continued her dance and song. The janitor clambered out on the roof. When she saw him the woman began a frenzied skirt dance with an imaginary skirt and cheered the louder. She was overpowered and taken to a hospital where she is said to be Annie Loftus, an employe of the hotel. She began her celebration yesterday as soon as she heard of the birth of the prince in Madrid.

Serious Conflagration.

Wilkesbarre, Pa., May 11.—A serious conflagration was raging at Georgetown, a suburb of this city, at noon today, and threatens to wipe out the entire town. Twelve buildings on the main street are already destroyed. There is no water or fire fighting apparatus in the town and water is being forced to the fire from a plug a quarter of a mile distance.

Burglar's Mistake.

Passaic, N. J., May 11.—Burglars who blew the big safe in the general store of Alvin Webb at Clifton early today were disappointed when they discovered that they had mistaken the store for the postoffice. Only thirty cents in one cent pieces was taken. The thieves left a valuable gold chain which once belonged to President Santa Anna, of Mexico.

Missing Yacht.

New York, May 11.—All hope was abandoned today for Marion Story's yacht Rita, with Captain Olaf Jacobson and a crew of six men. It is believed that she has gone to the bottom with all on board. The yacht sailed from Miami, Fla., 42 days ago for New York and since then she has not been reported.

Today's Telegraphic News

Queen Nursing Prince.

Madrid, May 11.—Contrary to all precedent and to the great astonishment of all Spain, Queen Victoria today personally nursed the baby prince, whose arrival yesterday was the signal for rejoicing throughout the nation. The royal nurse is ready and waiting, but the English woman who shares the throne of Spain will have none of her and insists that she herself and none other shall nurse her offspring. All along the queen has said she would nurse the child, and there was some criticism of the plan to upset all precedents, but every one is so happy and so proud of the regal mother that they applaud her.

King Alfonso today declared three days of national holiday, including today Sunday and Monday. All Madrid and the whole of Spain will throw everything aside and join in the great celebration, which will be elaborate and enthusiastic. The king also announced the gift of $20,000 to the poor and commuted the death sentence of eight criminals. The queen's condition shows progress today and it was announced that the christening would be performed next Tuesday by the Archbishop. It will be a great event, attended by much pomp and ceremony.

Stomach Analyzed.

Dover, Del., May 11.—To determine, if possible, whether little Horace Marvin, jr., came to his death accidently or was kidnapped and murdered, Coroner Calloway conducted the inquest today. The proceedings were held behind closed doors. The written deposition of Dr. Robin was read to the jury. The stomach of little Horace Marvin showed evidences of the glutinous matter the baby had eaten at his last breakfast, which consisted of bread, eggs, oatmeal and tea. This analysis corroborated the testimony of Mrs. Swift who swore that she had prepared the child's breakfast. Dr. Robin as touching the cause of the death of the lad, said:" In the absence of any other cause death could have occurred and probably did occur within six or twelve hours after eating the last meal." He added: "From my observation, the body must have been in the water from six to eight weeks." Doctors Wilson and Burton's testimony was along the same line as that of Dr. Robin.

The reason for the secrecy in the jury room leaked out at noon today when it became known that a bottle containing the names of four men was found in the pool where Horace Marvin's body was found. The note was dated March 10. It is reported that arrests will be made at once.

Schwab's Palace for Sale.

New York, May 11.—Realization of his dream "that he dwelt in marble halls," has tired Charles M. Schwab, steel multi-millionaire, and today his $3,500,000 palace on Riverside Drive is in the hands of agents seeking a purchaser. It is understood it can be bought for one million dollars less than the original cost of $3,500,000. Managing the castle at odd times when he could take a few moments' leisure from the constant occupation of looking after his money, "got on his nerves" and contributed much to his physical breakdown. Mrs. Schwab also found that the domestic affairs of the castle were hard to superintend and her health has declined more rapidly than her husband's. Now both want to get away from the marble halls and back to every-day simple comforts of the simple life of an uptown apartment, costing not more than a few hundred thousands.

Rejected Lover's Charge.

London, May 11.—A Mrs. Wowanke, wife of a Chicago engineer, has been arrested at her old home in Radwanitz, Silesia, on the serious charge of lese majeste, according to advices received here. A rejected sweetheart of the woman is said to have caused her arrest and statement in love letters written to this lover are made the basis for the charge made against her. The girl cancelled the engagement and went to America and married. Two months ago Mrs. Wowanke returned for a visit to her parents. On the eve of her departure for the United States the old lover placed her letters in the prosecutor's hands and the lese majeste charge was preferred on the ground that she criticised the Emperor's Polish policy.

Train Falls Into Creek.

Flemingsburg, Ky., May 11.—Two dead, ten seriously injured and five slightly injured was the result of the worst wreck in the history of the Cincinnati, Flemingsburg and Southeastern Railroad which occurred late yesterday, three miles east of the city, when the narrow gauge combination passenger and freight train went through a fifty-foot trestle over Fleming creek. The wreck was caused by the collapse of the rotten timbers in the bridge. The engine, passenger coach and freight car dropped in a pile into the creek. There were 17 persons on the train and not one escaped injury.

Voters on a Strike

Paris, May 11.—The commune of Grenoble has established a novel precedent in elections. Because they were dissatisfied with prevailing political conditions, the voters have gone on a strike. On the day set for a municipal election not a voter went to the polls. On the second election one ballot was cast. This man voted for sixteen officers and they were declared elected. Many of the candidates were greatly surprised at their victory. They did not want the offices, as they are partisans of the strike and probably will not accept.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at E. S. Leadbeater & Son's, drug store.

Strike Breakers in San Francisco.

San Francisco, May 11.—Four hundred strike breakers from the east arrived today. All were safely transferred to the barns of the United Railroads Company. This gives the company enough men to run four hundred cars if the police will furnish protection. Four hundred police have been assigned to duty to protect the cars. If they fail to keep order, an immediate call will be issued for State troops.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by W. F. Creighton and Gibson and Timberman.

Travelers' Protective Association

After the business of yesterday's session of the Virginia division of the Travelers' Protective Association had been completed, the members with Post F, of Alexandria, as escort, marched to the Portner Brewery where they were most hospitably entertained at a lunch by the officers of the brewing company. They were shown through the building, one of the best equipped in the country, and enlightened as to the manufacture of beer. While they were there a photograph of the members of the association was taken. Later the visitors were taken to Washington on special trains and entertained at a theatre party, Post F being their host.

After they returned from Washington the members of the association and a number of ladies proceeded to the handsome residence of Mr. A. D. Brockett, on Washington street, where they were most charmingly entertained, the entire house being thrown open to the visitors. Mrs. Brockett was assisted in entertaining her guests by Mrs. Mushbach, of this city; Mrs. Adams, of Lynchburg, and Mrs. Stone, of Washington.

At yesterday's session President Herbert's report, which was read by him, showed the organization to be in a very flourishing condition throughout the State.

Concerning the Alexandria post he said:

"Post F, Alexandria, is thoughtful and kind, and came to the assistance of its brother, Post B, and that is why you are here today accepting the kind hospitality. May they continue to add to their roll, even if they do go in a foreign land, as the territory once belonged to them."

The report showed further that during the past year 764 new applications were written, and two new posts organized. The new organizations are Post L, with about twenty-five new members, at Newport News, Va., and Post M, at Farmville, Va., with fifteen members.

Out of a total membership of 1,837 it was shown that $795 had been contributed for erecting a T. P. A. building at the Jamestown exposition. The contract price of the building is $5,380. It was stated that $1,800 is needed for the completion of the building, which will be ready for occupancy June 1, 1907.

The second day's session of the Virginia division of the Travelers' Protective Association was opened with prayer at the Opera House this morning by Rev. J. Cleveland Hall, of Danville.

National Secretary Louis T. Labeaum, of St. Louis, sent the following telegram, which was read to the convention: "National board of directors in session send greetings and best wishes for harmonious and successful convention."

A telegram from Mr. W. R. Kerchoff, chairman of the national board of directors, was read. It was as follows: "Virginia's record during the past year was great increase over previous years. Shows great self-sacrifice on part of local members. All previous records broken. Will go to the convention with about 37,000 members. Accept hearty congratulations."

After the reading of the telegrams, committee reports were received and read.

Upon motion of Mr. Bache, of Petersburg, the salary of the secretary was increased from $48 to $75 a month.

Upon motion of Mr. Williams the following resolution was adopted:

Resolved, That no delegate be allowed to appoint an alternate, and that this convention here assembled elect eleven alternates at large as a part of our delegation to the National Convention at Norfolk in 1907 and that these alternates be entitled to represent a delegate at the Norfolk Convention.

That should there exist a vacancy in the Virginia delegation after the eleven (11) alternates have been substituted the delegate not going shall recommend a member of his post for election.

Upon motion of Col. Harwood a voluntary subscription was taken up for the national building at the Jamestown Exposition, which amounted to $300.25, the local post contributing $100. The 25 cents was contributed by a messenger boy of the Western Union Telegraph Company.

Mr. J. S. Oliver offered the following resolution which was adopted.

Resolved, That on all questions in the National Convention a majority vote shall control and the delegation shall vote as a unit.

The following officers were elected for the ensuing year:

President, B. B. Adams, Lynchburg; secretary-treasurer, H. L. Harwood, of Richmond; 1st vice-president, R. W. Spilman, of Richmond; 2nd vice-president, Joseph Stebbins, of South Boston.

Board of directors—Chairman, Thos. Poindexter, of Richmond; J. L. Hill, of Richmond; R. S. Crump, of Richmond; T. S. Beckwith, of Petersburg; J. Y. Williams, of Alexandria; J. O. Boatwright, of Danville; E. D. Quarles, of Richmond; R. B. Semple, of Martinsville; D. W. Sale, of Lynchburg; J. J. King, of Portsmouth.

Chairmen of committees—Railway, A. D. Brockett, of Alexandria; press, G. W. Rogers, of Richmond; hotel, E. H. Clowes, of Richmond; legislature, Hampton Fleming, of Norfolk; employment, F. S. Hancock, of Norfolk; membership, C. W. Saunders, of Richmond; chaplain, Rev. J. J. Gravatt; good roads, E. R. Barksdale, of Norfolk.

The following were appointed to the national convention which meets in Norfolk:

Post A, Richmond.—C. W. Saunders, R. S. Christian, J. C. Hogan, J. S. Hill, E. H. Clowes, W. K. Bache,; alternates, Hampton Fleming, F. E. Conrad, J. H. Grant.

Post W, Norfolk.—E. R. Barksdale, T. S. Hancock, W. B. Lucas; alternates, W. P. Dodson, J. J. King.

Post C, Petersburg.—J. H. Bailey, G. W. Harrison; alternate, R. W. Price.

Post D, South Boston.—Jos. Stevens.

Post E. Danville.—J. V. Boatwright, J. W. Nunn; alternate, J. S. Oliver.

Post F, Alexandria.—R. M. Graham, J. Y. Williams; alternates, Q. H. Kirk, A. D. Brockett.

Post G, Lynchburg.—D. W. Sale, J. A. Mahood; alternate, A. S. White.

Post H, Blackstone.—J. E. Jones,

Post I, Martinsville.—J. D. Sparrow.

Post J, Roanoke.—S. C. Adkinson.

Post K, Staunton.—H. A. Black.

Post L, Newport News.—C. E. Cole.

Post M, Farmville.—Alternate, C. F. Buggs.

Mr. F. S. Dickinson, of Norfolk, offered the following resolution which was adopted:

Resolved, That we the members assembled in convention at Alexandria, Va. extend the thanks of this convention for the able manner in which Mr. C. E. Herbert, our retiring president, has conducted the affairs of this convention.

Upon motion of the chairman of the committee on resolutions a rising vote was extended to Mr. A. D. Brockett and the ladies of Alexandria for the courtesy extended to the visiting delegates during their stay in Alexandria.

Upon motion of Mr. J. Y. Williams $50 was appropriated to purchase badges for the delegates to the national convention.

When the selection of the next place of meeting came up, Mr. E. B. Stevens, put Roanoke in nomination.

Upon motion Roanoke was unanimously selected as the next place of meeting. At one o'clock the convention was closed with prayer by Rev. Dr. Gravatt, of Trinity Church, Richmond.

After the adjournment the members contributed $10 to the two messenger boys present for their efficient service during the convention.

The delegates left on special trains at 2 o'clock for Mount Vernon as guests of Post F of this city.

Rev. J. R. Sevier, pastor of the Second Presbyterian Church, distributed religious post cards to the visiting delegates. Mr. Sevier was put in nomination as chaplain of the Virginia division by Mr. J. H. Trimyer.

Succeeds Her Husband.

For the time being, until a successor to Rev. Dewitt M. Carpenter is elected, Mrs. Carpenter will conduct the services in the Apostolic Holiness Union Church of Harrington, Del. She has no intention of leaving Harrington, as her husband did after the disclosure of his relations with a young woman who was formerly assistant pastor of the church. The trustees of the church held a meeting yesterday morning to discuss the Carpenter incident, and it was decided to take no further action concerning him than to accept his resignation, which was tendered immediately after the publication of the love letter which he sent by mistake to the recorder of deeds. Mrs. Carpenter was asked if she would remain and occupy the pulpit, and gave her consent.

Trembling in every limb, Frisby Gibbs, colored, was literally carried to the scaffold in the yard of the Baltimore jail yesterday morning and hanged for the murder of his wife October 9, 1906.

Organization of Syndicate.

New York, May 11.—Final steps were taken today for the completion of the organization for a syndicate headed by Kuhn, Loeb & Co., to underwrite the $75,000,000, four per cent. convertible bond issue of the Union Pacific Railroad. It is understood that the price of the bonds of the syndicate would be 90, the same figure at which they are offered to stockholders, less bankers commission which is usually given in such cases.

Burned to Death.

East Liverpool, O., May 11.—In a fire which destroyed their home today, Leo, aged 7, and Ruth, 5, children of Mrs. Neill Laird, a poor widow, were burned to death. Three other children were rescued with difficulty. Mrs. Laird was seriously injured in jumping from a window. A son was killed by a street car three years ago and shortly afterwards the father drowned himself in the city reservoir.

Chicago Wheat Market.

Chicago, May 11.—A mad market obtained in the wheat pit this morning. Excitement was at fierce heat as the advances were tacked on. May sold at 87½; July sold at 89¾ and September at 90¼ to 91¼, showing advances of 1¼ to 1⅜ over last night's close. The trade was enormous. Brokers switched from one side to another. Wheat will go to $1.25, predicted the big traders in the Change Board this morning a few minutes after the market opened. The opening price of 88⅜ for July went up by leaps until before 11 o'clock it had reached 92½. The riotous scenes equalled those of the Leiter days.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Accused Dismissed.

Harry O'Donnell, alias Charles Mitchell, arrested early yesterday morning in the neighborhood of Accotink, Fairfax county, charged with abducting Miss Nettie Dreifus of this city for immoral purposes, was arraigned in the Police Court this morning. After the case had been called Justice Caton stated that he had had a consultation with Mr. S. G. Brent, Commonwealth's Attorney, and it being apparent that a conviction would not follow were the accused sent on to court, he would discharge the prisoner. The only evidence against O'Donnell would be that of the young woman in the case, and this would not be sufficient for conviction. Besides the father of the young woman did not want her to attain notoriety in such a case and would not prosecute the accused. Justice Caton told O'Donnell that as he had started for Fredericksburg on Thursday night, he could make another effort to get there. O'Donnell made his way out of the court room as speedily as possible.

There were some amusing incidents in connection with the above case. O'Donnell was terrified from the time he and the young woman were intercepted near Accotink, and he became more so after he had been locked up in the station house, as some practical jokers told him there had been two lynchings in this city during the past few years and that a Fredericksburg military company prevented a third a few weeks ago. He was further told that his fate would be uncertain after the shades of night set in as his case was the subject of discussion in all the barrooms of the city. O'Donnell asked if there was any impregnable place in the city in which he could be placed in order to escape the fury of a mob, and when told there was none, his distress was manifested by the copious shedding of tears and piteous moans. He was left in this state of anguish until this morning. When Justice Caton told the terrified man he was at liberty to leave the dock, O'Donnell grabbed his hat and moved away without looking to the right or left, but before he could get out one of the court attaches, with a serious face, told him he had better leave town via the back streets. O'Donnell said he would follow the advice, and was soon making his way out of Alexandria toward the union passenger station. He avoided King street, using Prince, and soon reached the depot where he took care not to make himself prominent and was the first passenger to board the South bound train which came along after 11 o'clock.

Death of a War Governor.

Brig. Gen. Orlando B. Willcox, U. S. A., retired, a veteran of the civil, Mexican, and Seminole wars, and former governor of the Soldiers' Home at Washington, died yesterday at Cobourg, Ont. The deceased was 88 years old. Gen. Willcox entered the West Point Military Academy from Michigan, in July, 1843. At the outbreak of the civil war he was commissioned a colonel in the First Michigan Volunteer Infantry. One year later he was commissioned a brigadier general of volunteers, which commission he held he was honorably mustered out in January, 1866. Six months after being mustered out he accepted a commission as colonel in the Twenty-ninth Regular Infantry. The death of General Willcox brings to mind reminiscences of Alexandria at the beginning of the civil war. He was colonel of the First Michigan infantry, one of the regiments which participated in the capture of this city May 24, 1907. His regiment was encamped on Shuter's Hill. Colonel Willcox was for a time military governor of this city.

St. Mary's Church.

The services in St. Mary's Church tomorrow will be as follows: Mass, 7 a. m.; Sunday School in Lyceum Hall, 9:30 a. m.; high mass and short sermon at 10:30 a. m.; baptism, 4 p. m.; vespers and benediction of the most holy sacrament, 7:30 p. m. After the vespers Father O'Hora, of Sioux Falls diocese, S. D., will preach. The subject of his lecture will be "The Foundation" and upon the text "Other foundations no man can lay than that which is laid is Christ Jesus," 1 Cor. iii., 11. The Rev. Father is no stranger to St. Mary's congregation, having on several occasions edified it during the past year. It is hoped a large congregation will be present tomorrow evening to hear this gifted orator as this may be the last time they will have the pleasure of hearing Father O'Hora in St. Mary's. His theme is most important, "The Foundation." All non-Catholic friends are invited and are always welcome to St. Mary's. Ushers will meet them at the church doors and escort them to the pews.

Change in the Weather.

The mild, fair and spring like weather of yesterday was followed toward the close of the day by cloudy conditions and light rain. Between 8 and 9 o'clock the wind changed from the south to the west and later to the northwest. Clouds of dust were wafted through the streets, after which there were more copious showers of rain. The wind roared throughout the night, and people living on Seminary Hill say there was hail in that neighborhood about midnight, while some say there were spits of snow in this city at an early hour this morning. The weather today has been fair and cool with the wind from the northwest. The mercury at 7 o'clock this morning stood at 50°.

Presbyterian Church Notes.

The Presbyterian Brotherhood will hold another of the public meetings in the church next Monday night at 8 o'clock, at which hour an address will be made by Rev. David Wills, D. D., of Washington, on "A Time to Laugh." For the first time since their organization the brotherhood invites the ladies of the congregation to meet with them and bring their friends. A musical programme will be rendered on the occasion.

"Enoch, the Man who Walked with God," will be the subject of Rev. J. R. Sevier's sermon tomorrow night.

Organization of a Church.

Another Methodist Protestant Church was organized in this city last night at a meeting of former members of the original Methodist Protestant congregation. The meeting was held in the Immanuel Lutheran Church. J. T. Haring presided and N. S. Greenaway acted as secretary. The constitution and discipline of the General Methodist Protestant Church were adopted, and it was decided to hold religious services until further notice in the First Presbyterian Church building, on south Fairfax street. The first regular Sunday services will be held May 19. Until other arrangements are made supply ministers will conduct the services.

The following trustees were elected: John W. Summers, Charles Hantzmon, J. T. Haring, F. J. Geisendaffer, Augustus Deane, James R. Caton and James H. Smith. J. R. Caton is president of the board, and Charles Hantzmon secretary. Stewards were elected as follows: Charles Hantzmon, president; Ernest N. Pitman, secretary; J. T. Haring, financial steward; Henry O. Smith, Neville S. Greenaway, Robert H. Hancock, and L. D. Sullivan. L Leonard Boyer was elected secretary of the church meeting, and Mrs. Charles Hantzmon was chosen church organist. Miss Bettie E. Keys was elected leader of the choir. The following officers of the Sunday school were elected: N. S. Greenaway, superintendent; Miss Mary Penn, assistant superintendent; Charles Hantzmon, treasurer; Miss Vera Germond, organist, and Miss Virginia Roxbury, superintendent of the primary department.

The new church has a membership of about sixty, a majority of whom were present last night.

"Mrs. Wiggs."

The performance of "Mrs. Wiggs of the Cabbage Patch" was repeated at the Opera House last night before another packed house. Owing to a death in her family, Miss Mary Leadbeater was unable to take the title role. Mrs. Oscar Carter played the part with no rehearsal and proved herself a most capable actress, going through her lines without a blunder and making the biggest hit of the evening. Miss Julia Langhorne Cone as Miss Hazy was a close second to Mrs. Carter and won many laughs by her comical acting. Miss Mary Glenn Uhler, as Lucy Olcott, was graceful and attractive, and Mr. Wilmer Joyce Waller gave a manly and finished performance of Robert Redding. Miss Nellie Selden Uhler was again excellent as Aunt Chloe. Among the younger actors, the honors were carried off by Master Ernest Riley as Billy Wiggs, although he was closely followed by Master John Luckett, and Misses Louise Butts, Goldie Everette and Lillian Darley as the other Wiggs children. Misses Katherine Waller and Cleone Riley led the chorus of angels and were loudly applauded. Among others who took small parts and helped to make a success of the performance were Misses Jean Brent, Georgie French, Clarence and Mary Snowden, Lelia Steiner, Courteney Greenough, Meta Faulconer, Lucy Rust, Mildred Bentley, Helen Calvert. Messrs. Taylor Burke, Page Waller, Harry White, Vivian Berry, Griffith Uhler, Talbot and Leslie McCuen, Clark Starnell, Hunt Russell, Clinton Knight and Master Wilfred Robinson.

Thanksgiving Service.

A thanksgiving service in commemoration of the settlement at Jamestown, and of the permanent establishment of the church in America, will be held in Christ Church on Monday evening, May 13th, at eight o'clock. Owing to the inability of Hon. John Goode to be present, who was expected to make the address, short addresses will be made by the rectors of the three Episcopal churches, Rev. Messrs. Phillips, Carpenter and Morton. The object of this service is to impress on the minds of the younger generation the importance to the church and State of this settlement, and it is fit that such a service should be held in one of the colonial churches and one around which so much history centers. The music will be under the direction of Mrs. M. W. O'Brien, which insures its success, and the hymns selected are those of Watts, Tate and Brady and the tunes are all familiar. Appropriate selections and psalms have been made and the old chants will add to the service. The congregations of Grace Church and St. Paul's Church will unite with Christ Church in this service and a cordial invitation is extended by the rectors to their congregations and to all other persons of whatever denomination to join with them in this thanksgiving service which has meant so much to the freedom and liberties of the American people.

"Pansy Blossom's Baby Party"

An entertainment entitled "Pansy Blossom's Baby Party" will be given by the Sunday School choir of Christ Church in their parish hall on Thursday evening, May 23. The choir has given an annual entertainment for a number of years, and they are always looked forward to with great interest by their friends. This promises to be one of the best the choir has ever given. The young people who are to take part have been carefully rehearsing for several weeks, and a thoroughly enjoyable performance is promised.

The Fish Market.

The prices of fish keep up to the high water mark. Herring were quoted this morning at $7.25 per thousand, and shad at $35@60 per hundred. About 25,000 herring were at Fishtown this morning. The stormy conditions of last night and the northwesterly wind of today are calculated to further retard the work of seinehauling and gilling; hence prices are not likely to decline materially during the next few days.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Lillie Jenkins, colored, arrested on suspicion of stealing money from Arthur B. Powell, had her case continued.

Harry O'Donnell, charged with abduction, was dismissed.

A white woman, charged with abusive language, was dismissed.

The Wallace Prize.

The Wallace prize contest in public extemporaneous speaking, open to the senior class of students of the Episcopal Theological Seminary, took place last night at Whittle Hall. The subject was the present unsatisfactory attendance of men at church; causes of this and remedies for the same. Eight students entered the contest. The first prize was won by Mr. Milton R. Worsham, of the Diocese of Kentucky, and the second by Mr. W. G. Pendleton, of the Diocese of Southern Virginia. The judges were Dr. R. M. Slaughter, Mr. A. Mc. D. Crawford, Mr. J. C. Shackleford, of Seminary Hill, and Messrs. E. S. Leadbeater and L. H. Machen, of Alexandria. A fair sized audience was in attendance.

Personal.

Miss Nora Herbert, who has spent the winter with her sister, Mrs. John D. Hooe, has returned to her home in Alexandria.—[Warrenton Democrat.

Rev. J. Cleveland Hall and Mr. J. L. Oliver, of Danville, are guests of Mr. Raymond Hulfish.

Mr. C. R. Yates will leave tomorrow for Jamestown to place on exhibition there the exhibit of the Alexandria public schools.

Mr. C. W. Ashby was given a surprise party last night by a number of his friends, the occasion being his birthday.

False Alarm.

Some excitement was caused on Alfred street, south of King, last night by the screams of two young women who supposed a colored man was about to intercept them. It seems that the man was standing at the entrance to the old Friendship alley. A young lady passed, and the man said nothing to her nor did he move Later two other young women came by and they became terrified at the man's presence and shrieked and ran. Several policemen went to the scene, but found no evidence that any attempt had been made to hold up the women. It is is supposed that the man lives in one of the houses in the alley.

Boy Killed by Train.

A white boy, apparently between 12 and 18 years of age, was run over and killed by a freight train near the new passenger depot between 2 and 3 o'clock this afternoon. The boy was at the north end of the viaduct over King street and in attempting to board a freight train was knocked under the cars and was ground to death. No one could identify the unfortunate youth, but it is believed he came from Washington. The body was later sent to Wheatley's undertakers establishment.

Funeral.

The funeral of the late Mrs. Mary E. Creighton, wife of Mr. J. C. Creighton, took place from the residence on King street, near Henry, this afternoon, and was attended by friends and relatives of the family. The services were conducted by Rev. C. D. Bulla, and the pallbearers were Dr. W. M. Smith and Messrs. J. Brooke Carter, C. S. Eskridge, Frank C. Creighton, T. H. Picklin and S. H. Lunt.

Body Found.

The body of H. A. Hansen, the steward of the United States army tug Lieut. Alonzo Cushing, who had been missing from the tug for about a week, was found floating in the river off Collingwood Beach, on the Virginia side, about a mile above Fort Washington Thursday. The body was buried near the hospital on the fort reservation. It will later be interred at Arlington.

Judge Nicol in the County.

Judge Charles E. Nicol, candidate for the democratic nomination for Congress from this district, addressed the citizens of Del Ray and St. Elmo at a mass meeting held last night in the Mount Vernon avenue schoolhouse. His appeal for support at the polls met with enthusiastic cheers, and his remarks on public questions were frequently applauded.

Suits Against Railroads

It was announced yesterday by the Interstate Commerce Commission that Attorney General Bonaparte had issued instructions to various United States district attorneys to institute proceedings against 25 different railroad companies to exact penalties for violations of the safety appliance law.

For a considerable time inspectors of the Interstate Commerce Commission have been engaged in investigations of the use of safety appliances by the railroads of the country, and the suits will be based on information gathered by the inspectors and transmitted to the Department of Justice by the Interstate Commerce Commission.

From time to time the commission has extended the time limit of the fitting of cars of railroads with safety apparatus. That time limit expired recently, and it is proposed by the commission and the Department of Justice to make examples of the roads which persist in violating the law. Among the roads against which suits will be entered are the Atlantic Coast Line and the Seaboard Air Line.

Relief from Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Palm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by W. F. Creighton and Gibson and Timberman.

Murdered His Wife.

A photograph in which his wife is shown in an affectionate attitude with a former sweetheart is believed to have caused John Krula, 44 years old, to shoot and kill his wife Amelia, 22 years old, in Chicago Thursday night. The shooting terminated a visit at the house of a friend, Louis Kriks, and it occurred shortly after John Kriks, aged 22, Krula's alleged rival, entered the place. Krula escaped and went to his residence but within an hour returned to the scene of the shooting with the intention of killing himself in the room where his wife had died. Drawing from an envelope the photograph which stirred his wrath and crying that he, too, wanted to die he reached into his pocket for the revolver, which still contained one cartridge. A policeman ran into the house just in time to snatch the revolver from Krula's hand. Krula was taken to the station house.

Rival Lovers Drown.

Alone in a sailboat on the Hudson river, opposite New York, Peter Hagney and Henry Reichel fought to the death with their bare fists for the affections of a pretty girl whom each loved. The tragic end of their rivalry came yesterday, when the boat upon which they fought was found floating, bottom upward, with all sails set. Hagney and Reichel had been missing since Monday morning. They had been rivals for the hand of Josephine Farley, who lives with her uncle, Andrew Marshall. The men met there soon after midnight on Sunday. Witnesses say they had words, which culminated in a challenge to fight to a finish, the victor to be free to ask Miss Farley to marry him. For fear of interference they agreed to sail out on the river. It is believed both men were drowned.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.
